

Grittenham Barn
Weddings

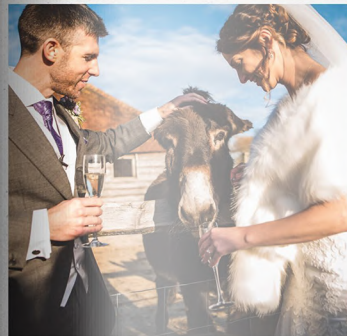

Welcome

Grittenham Barn is a traditional stone Sussex barn with breathtaking views over the South Downs.

Grittenham is set in the heart of the West Sussex countryside between Petworth and Midhurst and overlooks the South Downs. It has been immaculately restored and features a stunning central fireplace.

The site predates the 17th Century and is mentioned in the Domesday Book. The barn, farmhouse and outbuildings are Grade II listed and this beautiful property is set in stunning gardens with a lake, orchard and woodland.

We have a 'one wedding a weekend' policy so you can set up the previous day, helping you to enjoy your big day to the full.

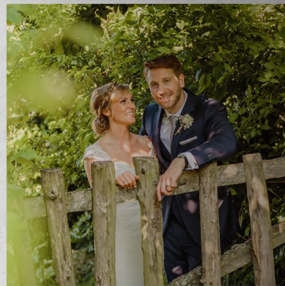

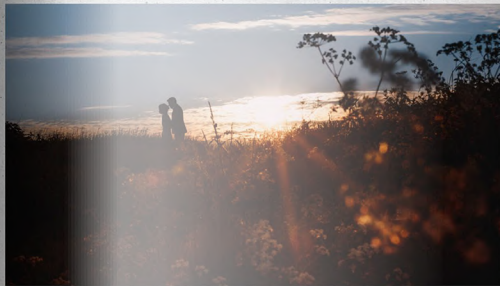

Ceremony

We are licensed for civil ceremonies. You can get married at the barn or at a local church.

The barn is a beautiful place to have your ceremony with its high roof and traditional iron chandeliers, which can be adorned with flowers. Choose to have a roaring fire to greet your guests, creating the atmosphere that you want for your ceremony, coupled with a little something special with our magical fairy lighting, music, flowers and candles for that finishing touch.

Put simply, you can design the look and feel you want, elegant, romantic, or dramatic.

Set amongst 7 acres of stunning gardens, Grittenham Barn offers the perfect location to create a relaxed and intimate atmosphere for you and your guests. Enjoy views of a local vineyard alongside our pigs and donkeys, or admire the ducks paddling in our picturesque lake within the grounds.

“ Absolutely outstanding! Without doubt one of the best days of our life. The venue itself is stunning, the grounds are maintained to an extremely high standard and the views are unbelievable! ”

Your Beautiful Story...

I am an award winning photographer based in Arundel, West Sussex. I shoot weddings throughout the South of England & abroad occasionally. I am predominantly documentary/ reportage style - capturing the spontaneous and emotional moments as they happen and I love to take the couple aside when the guests are busy for a few 'alone moments' for some beautiful, natural portraits - nothing too posed! - A stunning story of your day to treasure for a lifetime...

"We are overwhelmed with how beautifully you captured our day and put us at our ease, 'thank you' will never be enough..."

Charlie Campey PHOTOGRAPHY

I believe that weddings are one of very few huge life moments, and capturing them sympathetically is very important.

I love the concept of immortalising these amazing events for people. These important events deserve to be documented in a way that reflects the day as it happened, without intrusive posing and directing. Weddings are great fun! The couples that book me are almost always relaxed, easy going types like me, so the weddings I shoot are always full of love and laughter.

Eat The Street

BOUTIQUE KITCHEN CATERING

Planning a wedding is never a simple affair, from making sure all the important people get their invites right through to getting to the church on time, 'big days' have a habit of just getting bigger and bigger.

We like to get involved in the planning process as early as possible to ensure that we can deliver a culinary feast to your exacting standards. The process of choosing what food your guests will be served should always be an ongoing collaboration between client and caterer, that's how we see it anyway. Not only do we bring culinary and event expertise to the party, but our close working relationship with the Grittenham team, over the last five years, creating stunning weddings, means we understand how to make the most of this beautiful venue.
